American Landscape..... Soon Hee Newbold

American Landscape by Soon Hee Newbold showcases the diverse scenes of the United States, from majestic mountains, vast plains, lush forests, and deserts. The inhabitants are just as diverse—rich in fantastic history with cultures from around the world. Newbold is a prolific composer, clinician, producer, and adjudicator based in southern California.

Through Moanin' Pines.....Henry Thacker Burleigh
arr. Dión Morates

Through Moanin' Pines by Henry Thacker Burleigh is the first of six pieces found in *From the Southland*, a piano suite which was his only piano composition. It was based on the following poem written by Burleigh's wife:

"Along de desolate roads we pass
Thro' lonely pines and wither'd grass: -
De win' moans in de branches tall
An'a heavy sadness broods o'er all."

Burleigh was a pioneer for American Music as a composer, arranger, and a professional singer. This arrangement by Morales, an award winning composer, arranger, and educator based out of Chicago, allows younger musicians to perform music by a celebrated American composer.

Swallowtail Salsa..... Angelica Salazar

Swallowtail Salsa by Angelica Salazar shares the experience of the composer growing up mixed-race, with both Irish and Mexican heritage. The composer reflects on her love of music and dance from both cultures and celebrates both genres. The work was part of The New Canon Project, a joint venture of ACDA, ASTA, and Rising Tide Music & Arts that was launched with the support of the Sphinx Venture Fund and the National Endowment for the Arts.

Song for UhmMa.....Traditional
Melissa Schuerman, Harp *arr. Soo Han*

Song for UhmMa was arranged by Soo Han and commissioned by Project Imagine, a Music & Arts Advocacy composition program designed to provide access to high-quality commission projects for school music programs in underserved communities. This work includes *Spring in My Hometown* and the South Korean National Anthem. The work is a tribute to Han's mother and the cultural, financial, and personal obstacles she overcame as she emigrated to America. Han is Director of Orchestral Studies at George Mason University.

Triumph.....Armond Wimberly

Triumph was written in the summer of 2017 and is a syncretic piece that juxtaposes musical idioms from Black/African-American culture with sonorities from Western European art music. The work was titled to honor the rich culture and legacy of the composer's ancestors and African-Americans in general. Wimberly is a multidisciplinary musician, composer, and artistic activist from Toledo, Ohio, currently based in Fort Worth, Texas.

NOTICE

The use of cameras and recording devices is strictly prohibited during performances of the NMEA Conference to minimize the distraction to the audience and to control the quality of the recording of the event by professionals. You may check your camera/recording devices at the coat check prior to the performance. Please turn off or suppress electronic devices including digital watches, pagers, and cellular phones upon entering the seating area.
